

## Krietz to return as Grove regular this year

Success in Sprint car racing has followed Don Krietz, Jr. throughout his career although one track has proven to be the proverbial thorn in his side. And that track has been Williams Grove Speedway.

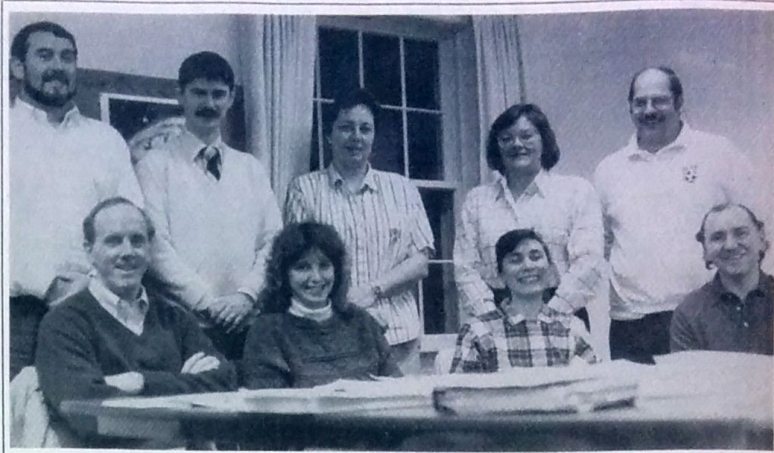

Krietz is convinced that this will be his year and he will be out to prove it when Williams Grove opens its 1990 racing season on Sunday afternoon, March 4.

A \$50,000 victory in the King's Royal in Rossburg, Ohio, launched Krietz into the national spotlight in 1986 although he had been a regular at Williams Grove for several years while dominating other Eastern speedways. A brief stint with NASCAR's Busch Grand National division took him away from Sprint car racing for much of the 1988 season. He returned to dirt racing on a full-time basis last year and competed for much of the season on the World of Outlaws National tour.

This year new business commitments have caused the former URC champion to concentrate his efforts in the East and he is determined to conquer Williams Grove. Ironically Krietz owns only three victories at the Grove, the same number of features he has won in limited participation with the World of Outlaws.

"Williams Grove with its long straightaways is a motor track," Krietz explains, "and I never had the kind of motor program I needed to be a big winner there." Also, his consistent finishes caused him to frequently be handicapped toward the middle of the starting lineup. This year, however, he feels capable of winning from any starting position since Davey Brown will be building his engines. Brown engines have powered such drivers as Lynn Paxton and Doug Wolfgang to countless Grove victories.

"With Davey doing our engines, they should be as strong as anyone's and my Schneer chassis is very fast to work with and to drive," Krietz said.
